# BULGARIANS MADE A COLD-BLOODED BARGAIN

## Balkan Nation has Sold Its Support to the Highest Bidder

### TEUTONS AND TURKS PROMISE MUCH TERRITORY IN RETURN FOR HELP OF ITS 300,000 TROOPS

(Associated Press)

London, Oct. 13.—A Central News dispatch from Paris says that Bulgaria has declared war on Serbia. Bulgaria is the twelfth nation to enter the war.

The decision of Bulgaria to enter the war on the side of the Germanic allies was reached after a diplomatic battle between the quadruple entente and the Teutonic allies. Bulgaria demanded the return of territory taken by Greece and Serbia after the second Balkan war, also Turkish territory. Turkey made concessions to the Bulgarians and the latter country considering the Teutonic bid for support the highest, Bulgarian troops invaded Serbia twenty-four hours before war was declared.

Bulgaria has about 300,000 soldiers ready for the field.

#### ARE GREATLY OUTNUMBERED
